

Thrivent Builds with Habitat for Humanity

As you may already know, Thrivent has joined forces with Habitat for Humanity to help provide housing for individuals in need. Since 2005, Thrivent Financial, through its alliance with Habitat for Humanity, has helped more than 1,300 families realize the American dream to build and own a home.

Partner families who qualify for a home through the Habitat for Humanity program must meet strict standards set by the organization. This includes providing proof of need, employment, ability to repay the cost of the home, taxes and insurance along with providing hundreds of hours of "sweat equity", work on their home.

Door County Habitat for Humanity will be the recipient of a Thrivent Builds grant again in 2010. Work on the Thrivent Builds home is scheduled to start in April. The Door County affiliate has been the lucky recipient of 3 previous Thrivent Builds grants. To learn more about Thrivent Builds with Habitat for Humanity visit <http://www.thriventbuilds.com>. To volunteer for the Door County Thrivent Builds project contact Katy at 920-743-2869.
